About me:	Employment History:		Software Knowledge:
<p>Currently, I am working as an in-house designer for a printed merchandise company. This consists of brand and social media management, as well as the creation of designs for e-commerce. However, I am looking to progress forward with my career, and aim to work within an environment where I can develop my skills, working with other talented designers and fresh new challenges.</p> <p>I have a First Class degree in Design for Film and Television, through which I have worked as a graphic designer on a Channel 4 sitcom and children's TV. I have a slightly less traditional background, but it has given me an alternative approach and a variety of different skills that aid me in my design.</p>	Silverline Trading Ltd Graphic Designer Logo/ Brand Identity In-House Designer November 2017 - Present	Time and Again (Short Film) Creative Studios Art Department Assistant Set Dressing/ Prop Making July 2016	Adobe Photoshop InDesign Illustrator Dimensions
